Domestic Science Girls Busy.
On last Friday afternoon several
mothers and friends of the girls in the
Domestic Science Department of our
school, met with the members of this
class and several of the teachers to
view the sewing done by the girls since
the beginning of the school. There
are sixteen girls in the class and each
one has made four garments, which
does exceeding well for the equipment
they have—one sewing machine and
one cutting table. And this work was
all done nicely, each garment was
neatly made.
The girls are to devote the remain-
der of this term to scientific cooking,
and if they make as rapid progress in
this department of work as in their
sewing they will prove themselves very
efficient in domestic work.
At 4:00 o'clock an interesting recital
was given by Mrs. Law's music pupils
in the Study Hall which was greatly
enjoyed by all who were fortunate
enough to attend. Space will not per-
mit mentioning all who took part on
the program, which consisted of solos
and duets on the piano, but each num-
ber of the program showed that splen-
did work had been done by the pupils
as well as faithfulness on the part of
their teacher. CONTRIBUTED.

County Council of Defense.

The Council of National Defense re-
quests that as much publicity as pos-
sible be given to the following resolu-
tion:
"The Council of National Defense
desires to inform the people of the
country that abundant food is supplied
to the soldiers and sailors in the camps
and cantonments, and that the sending
of food to these men by their friends
and families is not in any respect nec-
essary; that the aggregate quantity of
food thus privately sent is enormous,
and that much of it, having been con-
veyed long distances in heated express
or mail cars, is more or less spoiled,
and consequently injurious to the
health of the men. Therefore, in the
interest of the conservation of food,
also the health of the men, the Council
of National Defense requests the public
to discontinue the sending of foodstuffs
to the camps.
The reasons for this request seem to
be adequate and convincing, and we
therefore call upon our people to
heed it.
On the 28th of January and contin-
uing for two weeks we will begin the
enrollment and registration of all skil-
led workmen and men adapted to ship-
building work. This is requested by
the United States Shipping Board with
a view of mobilizing 250,000 workmen
for the ship yards. We have not yet
received the details of the plan, but no
doubt they will reach us in due time.
In the meantime all those who con-
sider themselves qualified and who de-
sire employment in that line may ap-
ply to County Judge R. J. Noonan, or
to the secretary at their offices at the
courthouse. It is not believed that this
registration is compulsory, but we are
ready to list those who are willing to
volunteer for this employment.
During the week beginning February
4th, all unnaturalized Germans in the
United States must register. By "un-
naturalized" is meant every male per-
son over the age of fourteen years who
was born in Germany and has not re-
ceived his final naturalization or "sec-
ond papers". In Medina County this
registration will be made by the var-
ious postmasters. During the week
beginning February 4th every such
alien must present himself to the post-
master at the post office where he re-
ceives his mail for the purpose of reg-
istration. He must furnish four pho-
tographs of himself, not over 3x3
inches in size, unmounted on card-
board, and with a light background.
The citizens of the county are request-
ed to cooperate with the Council of
Defense to the end that a full registra-
tion may be had. Subjects of Austria-
Hungary are not required to register,
neither are aliens born in Alsace-Lor-
raine prior to 1870, as these are clas-
sed as subjects of France. The under-
signed will without charge advise all
persons who may be subject to regis-
tration as enemy aliens.
L. J. BRUCKS, Secretary.

AN IDLE DOLLAR IS KAISER'S ALLY

WAR SAVINGS STAMPS ARE TWO-FOLD—TEACH THRIFT AND HELP NATION TO SUPPLY HER NEEDS.

Mr. Frank Vanderlip, Chairman of the War Savings Committee, said in his Dallas address: "There are just three things you can do with a dollar: you can hoard it; you can spend it; or you can invest it. Now a hoarded dollar is a slacker dollar and it is not doing anything, but a dollar that is spent foolishly is the dollar that means you are competing with the Government for labor and material—it is a traitor dollar; it is the ally of Germany. There is nothing the Kaiser would like better than to see us going on with pleasure as usual; with comfort and luxury as usual; he would see us go on, demanding the things that prosperity has lead us to think we want, to think that we can afford. We must wake up to the fact that the nation cannot afford to permit us to do the things that we have been able to do. We hear a lot of talk about a united nation, but we must have a united nation, united to the point of sacrifice, trained to self discipline and to see that democracy does not mean a Government in which we play no part. We are beginning to understand that we have a personal responsibility, every man, every woman, and every child, to help win the war. Now what are these War Savings Stamps? You have seen them in the windows; you have read something about them. They are little things; they cost a quarter, or 4412, and we expect to raise \$2,000,000,000 from them—the greatest financial transaction ever carried through in this country. Now what is back of it? One thing is that we are going to teach thrift to the whole nation and to a nation that needs it terribly. We are going to have 30,000,000 stockholders in the United States. If we are really to teach thrift, really build up character so that it will stand self-discipline make men and women and boys and girls ready to forego the thing of the moment that they may desire so that they may have something of greater value in the future, stimulate industry, encourage those old homely virtues, the virtues by which it is to be measured the strength of the nation, then I believe we shall have gone a long way toward compensating us for the money cost of the war."

ONE HUNDRED DOLLAR PRIZE FOR THE BEST ESSAY ON THRIFT.

Louis Lipsitz, State Director, War Savings Committee, will give on April 15th, 1918, a War Savings Certificate of \$100.00 for the best essay on Thrift written by any child in school in Texas. Mr. Lipsitz says: "In nearly every county the County Chairmen of War Savings are giving prizes for the best essay written by any school child in Texas, and the essays which take the county prize will compete for the state prize. I am extremely anxious that the 1,200,000 school children learn the basic lesson of thrift and economy. If this can be accomplished, it means the solution of the present economic difficulties of our nation. If thrift is studied and practiced, the great demand for goods and service for running the war will be easily met, so I expect that school children will study thrift and practice it. The County Chairmen will give their prize, select the best essay in the county and send it to me in a letter by April 1st, and of the prize essays from each of the 258 counties, I will have a committee to select the best one, which will receive the \$100 prize. I suggest that these essays be not longer than 500 words—that the age of the child be indicated; that they be written in ink, on one side of the paper, by the child competing, with a signed statement that the child received no help in composing the essay, that is, I want it to be the result of the original thought of the child after he or she has studied thoroughly the literature that is obtainable everywhere on the general subject of thrift."

THRIFT STAMPS FOR TIPS.

In all of the hotels and restaurants in Texas a new plan is being inaugurated by Jesse Johnson, one of the Captains in Dallas, working continuously on the sale of War Savings and Thrift Stamps. Mr. Johnson says: "Instead of giving a Pullman porter or waiter a quarter, the thing to do is to say 'have you a thrift card?' If he has, give him a thrift stamp instead of a quarter, and if not, give him a card with a stamp on it. This starts him in the War Savings idea and impresses him with the necessity for co-operation on the part of every person, regardless of wealth or station."

Agricultural Advisory Board Meeting.

HONDO, TEXAS, Jan. 14, 1918.

We, the County Agricultural Advisory Board and County Agent, in meeting assembled submit the following for the consideration of the people of Medina county:

In view of the fact that this year is not only the most important but the most critical in the history of agriculture in the South. It is necessary that we have a sustaining agriculture, sustaining our people and our nation. It is true that we are affected by the most severe drouth of years. And we recognize that it is no human fault that a large crop was not raised in this county last year. However, we hope this drouth will soon be broken and we urge everyone to be thoroughly prepared when the proper time comes.

One of the first things necessary is to get planting seed. We urge those needing planting seed to secure them as soon as possible. If they can be gotten from your neighbor, get them. But there will no doubt be a great shortage of planting seed in this county. The government through the U. S. Department of Agriculture and the A. & M. College has undertaken to supply the farmers with planting seed at actual costs of seeds to the government. The seeds that they will handle will be as follows: corn, milo, feterita, kafir, sudan, cane, peanuts and cotton. Anyone needing any of the above seeds are requested to see either one of the board or the County Agent. Anyone desiring seeds is required to deposit money to cover their orders in any of the banks in the county. Anyone having seed for sale is requested to see the County Agent, who will endeavor to find a buyer, for the seed in the county.

In order that our government's demand for the promotion of more food and feed can be carried out we urge the planting of a large acreage to foodstuffs of various kinds. Let us make this county an asset to the government and not a liability. Every family on the farm and in the towns should have a home garden. We believe that there should be a large acreage planted to milo, feterita and kafir. And in the sandy portion of the county there should be a great increase devoted to peanuts. Plenty of beans and peas should be planted to supply the home and some to spare. "Live at home and board at the same place" is a good motto at this or any other time.

To the school teachers, we urge you to form Boys' Clubs, getting the boys to plant an acre or so of food stuff or a home garden. Give them an opportunity to help their government in the winning of the war. They may never have another opportunity like this in a lifetime. The County Agent will be glad to assist in the forming of the clubs.

We urge every one in this county to do their utmost to carry out this program. First of all from a patriotic standpoint. Our government is urging this and it is the duty of everyone receiving protection from this country to do that which our government asks us to do at this time. And in doing this you will be well repaid from a financial standpoint. Let us put forth our best efforts to increase crop production in this county.

The government, through the U. S. Department of Agriculture and the A. & M. College are assisting the farmers in buying feedstuff. They are publishing lists of feed for sale in carload lots. Anyone desiring can secure these quotations from the County Agent.

Field Hospital Co. 360.

Editor Anvil Herald, Hondo, Texas.

It has been quite a while since a news item has been sent from this company to your paper, but 360th Field Hospital is still there and then some. 31 of our men are now on duty at the Base Hospital and the Convalescent Hospital. Among these is John E. Belzung, a Medina County boy.

Frank G. Saathoff had the misfortune of contracting cerebro-spinal meningitis, but is said to be getting along as well as could be expected. Frank has been most unfortunate, for he has been sick in hospital for nearly ten weeks.

Louis Franger and Julius J. Haby are two of our best teamsters, and are kept busy from dawn till dusk with their work.

Oscar E. Wurzbach and Rudolph A. Haby are the champion equestrians of this company and attend an equitation class every day.

Robert B. Breiten is the company carpenter, and, needless to say, is as busy as any carpenter could hope to be.

Ernest W. Brucks has been entrusted with the office work, during the absence of the first sergeant, who is attending the officers' training camp. He is handling the situation more or less successfully, and, being a Medina County boy, he will stay with it, doing his best for the good of the company, even though the odds be against him.

Joseph F. Haegelin, Henry L. Brown and Henry A. Biry are also right there. Brown plays the violin, Biry blows the bugle, and Haegelin does a little of everything.

Louis Hardt.

The body of Louis Hardt, who lost his life in a mine accident at Bisbee, Arizona, arrived here Thursday morning and was buried in Oakwood cemetery at 5:00 o'clock in the afternoon of the same day.

Decedent was the youngest son of Mr. and Mrs. V. C. Hardt of Hondo. He was born at New Fountain, July 13, 1890, consequently he was in his 28 year when the deplorable accident which terminated his life occurred.

Lee and Louis Hardt were working in a mine at Bisbee, and were just preparing to set a blast prior to going off shift when a cave-in occurred, some large boulders striking Louis, pinning him under them and breaking his back. His death occurred some three hours later, his wife, his sister, Mrs. Louisa Heyen, and his brother, Lee, being at his bedside when the end came.

Decedent lived nearly his entire life in Medina county and his untimely death caused a feeling of sadness among a large circle of old friends.

On December 1, 1909 he was married to Miss Ella, the daughter of Mr. and Mrs. John Fohn of this county. To the heart-broken young wife the sympathy of our people go out in unstinted measure.

Rev. J. W. Long, pastor, of the Methodist Church, officiated at the funeral, the large crowd that gathered at the grave attesting to the high esteem in which decedent was held.

Besides his wife, he is survived by his parents, Mr. and Mrs. V. C. Hardt, two brothers, Lee Hardt of Bisbee, Arizona, and John Hardt of Uvalde, Texas; and two sisters, Mrs. Louisa Heyen of Bisbee, Arizona, and Miss Ella Hardt of Hondo.

In connection with a host of other friends the Anvil Herald extends condolence to the stricken family in this their hour of sadness.

SERVING food is a local
problem for each
community. Prices
and definite rules for
every one cannot be
formulated. It is
a duty for each one to
eat only so much as is
necessary to maintain the
human body
healthy and strong. This winter
of 1918 is the period when is to
be tested here in America whether
our people are capable of voluntary
individual sacrifice to
save the world. That is the purpose
of the organization of the
United States Food Administration—by
voluntary effort to provide
the food that the world
needs.

A TWICE-TOLD TALE.
One of Interest to Our Readers.
Good news bears repeating, and
when it is confirmed after a long
lapse of time, even if we hesitated to
believe it at first hearing, we feel secure
in accepting its truth now. The
following experience of a San Antonio
man is confirmed after three
years.
Thos. W. Conaway, grocer, 517 S.
Hackberry St., San Antonio, Texas,
says: "I was troubled by rheumatic
pains and backache during damp
weather or when I had caught a cold.
I was on my feet a good deal and
had to do quite heavy lifting occa-
sionally and I think it helped to
bring on the trouble. I began taking
Doan's Kidney Pills, and they helped
told others about Doan's and am al-
ways glad to say a good word for
them." (Statement given December
13, 1913).
No Trouble Since.
On June 4, 1917, Mr. Conaway said:
"I first publicly recommended Doan's
Kidney Pills in 1913 and I am
pleased to say I have had no return
of backache or other kidney trouble
since Doan's cured me."

Retired Merchant Gained 15 Pounds
On Tanlac—Health Restored.

William Ludwig, a retired merchant
and prominent citizen of Port Arthur,
Texas, made the following statement
recently:
"For six years I had suffered from
indigestion and painful disordered kid-
neys and fell off until I was little more
than a skeleton. I had no appetite and
what little I did eat felt like a lump of
lead in my stomach. I was so bloated
up that I could hardly get my breath
and I hardly couldn't button my clothes.
My kidneys disturbed me so I had to
get up most every hour of the night
and I could scarcely sleep at all. May-
be I would doze a little just before day
and in the mornings I felt awful. I
was so weak I had to walk with a stick
and I couldn't go up the steps at all.
I had a nervous cough, my limbs ached
and I hurt all over.
"I bought Tanlac because I was a sick
man and it was so highly recommended,
and now I am praising it because it has
restored my health. I have gained fif-
teen pounds in weight, can eat any-
thing I want and sleep as well as I
ever could. My cough has disappeared,
the gas has stopped forming on my
stomach and my kidneys are in good
shape. Nothing bothers me now and
I have no more use for walking stick.
I have taken many different kinds of
medicine and have been coming to San
Antonio every year for my health but
nothing seemed to do me much good
until I took Tanlac and I can recom-
mend it because it has done the work."
Tanlac is sold in Hondo by W. H.
Windrow, in Devine by Lion Drug
Store, in D'Hanis by Louis Carle, in
LaCoste by Dickey Drug Co., and in
Dunlay by Louis A. Haby.

NEED BIG HERDS
Europe's Meat Supply Must Come
From America.

Warring Nations Have Depleted Live
Stock at Enormous Rate, Even
Killing Dairy Cattle For Food.

American stock breeders are being
asked to conserve their flocks and
herds in order to meet Europe's tre-
mendous demands for meats during
the war and probably for many years
afterward.
The United States food adminis-
tration reports that American stock
raisers have shown a disposition to
co-operate with the government in in-
creasing the nation's supply of live
stock.
Germany today is probably better
supplied with live stock than any other
European nation. When the Ger-
man armies made their big advance
into France and then retreated vir-
tually all the cattle in the invaded
territory—approximately 1,800,000
head—were driven behind the German
lines.
But in England—where 2,400,000
acres of pasture lands have been turned
into grain fields—the cattle herds
are decreasing rapidly. One of the
reasons apparently is the declining
maximum price scale adopted by the
English as follows: For September,
\$17.76 per 100 pounds; October, \$17.28;
November and December, \$16.08; Jan-
uary, \$14.40. The effect of these prices
was to drive beef animals on the mar-
ket as soon as possible.
In France the number of cattle as
well as the quality have shown an
enormous decline during the war.
Where France had 14,807,000 head of
cattle in 1913, she now has only 12-
341,000, a decrease of 16.6 per cent.
And France is today producing only
one gallon of milk compared to two
and one-half gallons before the war.
Denmark and Holland have been
forced to sacrifice dairy herds for beef
because of the lack of necessary feed.
Close study of the European meat
situation has convinced the Food Ad-
ministration that the future problem
of America lies largely in the produc-
tion of meat producing animals and
dairy products rather than in the pro-
duction of cereals for export when
the war will have ceased.

It is a moment of tense nerves—ready to slip out of the trench at the word of command—and at the enemy. Our men on the firing line are physically fit for military service because only about one man out of five was chosen to endure the hardships of this fearful war. But we must not be content with 20 per cent, in physical health of our American youth. We cannot afford to lose four men out of five because of physical unfitness. Such weaknesses can be cured. Many times the kidneys are to blame.

If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to uric acid or toxic poisons stored in the blood and which should be swept out.

Then procure at your nearest drug store Anuric (double strength). The cost is 60 cents. This Anuric drives the uric acid out. Drink plenty of pure water, take Anuric three times a day for a month.

Send Doctor Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cts. for trial package.

DAWSON, TEXAS.—"For the benefit of others, I gladly give this statement regarding the merits of Dr. Pierce's Anuric Tablets. An enemy to years of age, I suffered from backache, weak back, rheumatism, and could not control the kidneys. I can safely say that 'Anuric,' the new discovery of Dr. Pierce, has done me more real good than anything I have ever taken for these ailments."—Mrs. N. M. FLINT.

QUAT, OKLA.—"My bowels were constipated, joints were stiff, ankles and feet swollen, and I had pain in hips and knees. I realized that I had uric acid in the system and sent for a trial package of Anuric. I then got three or four packages of the Anuric Tablets and also started taking the 'Pleasant Pellets' regularly. Now I am free from pain, the joints have limbered up, and I am enjoying very good health for an old man seventy-nine years of age."—MARION SPENCER.

Henry Wurzbach, Mr. and Mrs. Frank Wurzbach, Mrs. Chas. Wurzbach and son, Edwin, and Miss Edna Wurzbach, August Wurzbach and family, Louis Wurzbach, Rudolph Wurzbach and Mr. and Mrs. Otto Wurzbach attended the funeral of Mrs. Joe Koch Saturday at D'Hanis.

Prefers Chamberlain's.

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan.

Austin, Texas, Jan. 18, 1918.

Editor Anvil Herald:

I have been directed by the Attorney General of the United States to request you to give notice in your newspaper of the times and places of the registration of German alien enemies. This registration, which applies to all German alien enemies, has been fixed to commence in this the Western Judicial District of Texas, at 6 o'clock a. m. on February 4th, 1918, and to continue on each day successively thereafter between the hours of 6 o'clock a. m. and 8 p. m. up to and including the 9th day of February, 1918, at 8 o'clock p. m. In cities having a population of 5,000 or over at the time of the 1910 Federal census alien enemies will register with the chiefs of police, and in other communities at the post offices through which they receive their mail. Any person in doubt as to whether he is a German alien enemy should report to the proper registrar and state his case and let it be determined, as failure so to register makes him liable not only to the penalties prescribed by law, but also to restraint, imprisonment and detention for the duration of the war. The following suggestions and instructions to registrants are given for their information:

"Persons required to register should understand that in so doing they are giving proof of their peaceful dispositions and of their intention to conform to the laws of the United States.

Every registrant should read carefully the form of registration affidavit handed to him and ask the registration officer for explanation on all points not clear to him before attempting to fill out the blanks. Registration officers are instructed to give registrants all possible aid in the way of explanation and advice.

Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 by 3 inches in size, on thin paper, with light background. All four photographs should be signed by the registrant across the face of the photograph so as not to obscure the features, if the applicant is able to write.

Three blank forms of registration affidavit must be completely filled out by the registrant or his representative (with the exception of the blanks indicated to be filled out by the registration officer and the description of the registrant and the placing of finger prints on the blank) and must be produced by the registrant personally to the registration officer and be signed and sworn to by the registrant in the presence of and before the registration officer, who will fill in the description of the registrant and supervise the fixing of the finger prints and the attaching of the photographs. If the registrant cannot write he must make his mark in the signature space and affix his left thumb print in the space provided opposite the signature space.

The registrant is hereby informed that he must again present himself before the registration officer who took his oath after ten days but before 15 days from the last day fixed for registration in his registration district to obtain a registration card, upon which he must sign his name or make his mark and place his left thumb print in the presence of the registration officer.

As it is desired that all German alien enemies may be informed as to the time and places of this registration this notice should be repeated up to the last date of registration. Your hearty co-operation in this matter will be appreciated. Respectfully,

J. H. ROGERS, U. S. Marshal.
By T. H. Thompson, Chief Deputy.

Soon Over His Cold.

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

Another reason why Mr. Hoover should take jurisdiction over pickled pig's feet is because they've got a kick in 'em.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. HALL'S Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying HALL'S Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Catarrh of Stomach

Mrs. Mary Pennell, R. F. D., Peoria, Missouri, writes:

"I wish to say a few words in the praise of Peruna. I have used it with good results for cramps in the stomach. Also found it the very thing for catarrh of the head. My sister was cured of catarrh of stomach by the use of Peruna."

Mrs. E. T. Chomer, 69 East 42nd St., Chicago, Ill., says: "Manafin best laxative on the market for liver and bowels, very good for indigestion and heart burn."

Those who object to liquid medicines can secure Peruna tablets.

Are Your Sewers Clogged?

The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as is the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

Harry Steinle has tendered his resignation as agent at the Artesian Belt railway to take effect Sunday and will return to the postal Telegraph company working out of San Antonio. Harry says he likes Jourdanton and the people and is leaving because he will receive considerable more money. —Atascosa News-Monitor.

MAKING MEATLESS

DAYS PERMANENT

In the meatless men there is a field for developing new and interesting dishes, according to E. H. N. writing in the Hotel Gazette, who believes that the present shortage of meat and fats will not end with coming of peace, but may grow acute and continue for five or six years, thus making it worth while to develop menus of grain, vegetable and fish on a more or less permanent basis. Meat can be replaced by other protein foods, or may be served in very small portions as a variety for other food. In making meatless menus this author finds American people apt to southern and a broad field for investigation.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Tablets. Mr. J. P. Kline, Edina, Mo., says: "I have a great many different medicines for stomach trouble, but find Chamberlain's Tablets more beneficial than any other remedy I ever used."

The Anvil Herald, \$1.50 a year.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should.

Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the stipated condition. Chamberlain's Tablets are also most excellent for indigestion. Sold everywhere at 25c.

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tonic

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to stir your liver without stirring you inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel good. Give it to the children as well.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Roysa City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it...commenced taking it, however, that evening I called my family about me...for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

WHEATLESS BISCUITS.

Flourless cornmeal is the feature of these excellent wheatless biscuits. Mix the cornmeal—one-half a cup—in a shallow pan placed in the oven and stirred frequently until it is a delicate brown. The other ingredients are a teaspoon of salt, a cup of peanut butter and one and a half cups of water. Mix the peanut butter, water and salt and beat. While this mixture is hot stir in the meal which should also be hot. Beat thoroughly. The dough should be of such consistency that it can be dropped from a spoon. Bake in small cakes in an ungreased pan. This makes 16 biscuits, each of which contains one ounce of an ounce of protein.

DELICIOUS CORN MUFFINS.

Here's an old fashioned recipe for corn muffins that has recently been revived and used with unusual success in several of the larger New York hotels: To make three and a half dozen muffins take one quart milk, six ounces butter substitute, twelve ounces of light syrup or honey, four eggs, pinch of salt, two ounces baking powder, one and a half pounds cornmeal and one and a half pounds rye flour. The butter and syrup should be thoroughly mixed; then add the eggs gradually. Pour in the milk and add the rye flour mixed with cornmeal and baking powder.

FACE the FACTS

LET us face the facts. The war situation is critical. Unless the Allies fight as they never yet have fought, defeat threatens. Hungry men cannot fight at their best; nor hungry nations. France, England, and Italy are going hungry unless we feed them.

Wheat Savings—They must have wheat. It is the best food to fight on. It is the easiest to ship. We alone can spare it to them. By saving just a little—less than a quarter of what we ate last year—we can support those who are fighting our battles. And we can do it without stinting ourselves. We have only to substitute another food just as good.

The Corn of Plenty—Corn is that food. There's a surplus of it. Providence has been generous in the hour of our need. It has given us corn in such bounty as was never known before. Tons of corn. Trainloads of corn. Five hundred million bushels over and above our regular needs. All we have to do is to learn to appreciate it. Was ever patriotic duty made so easy? And so clear?

America's Own Food—Corn! It is the true American food. The Indians, hardiest of races, lived on it. Our forefathers adopted the diet and conquered a continent. For a great section of our country it has long been the staff of life. How well the South fought on it, history tells. Now it can help America win a world war.

Learn Something—Corn! It isn't one food. It's a dozen. It's a cereal. It's a vegetable. It's a bread. It's a dessert. It's nutritious; more food value in it, dollar for dollar, than meat or eggs or most other vegetables. It's good to eat; how good you don't know until you've had corn-bread properly cooked. Best of all, it's plentiful and it's patriotic.

Corn's Infinite Variety—How much do you know about corn? About how good it is? About the many delicious ways of cooking it? And what you miss by not knowing more about it? Here are a few of its uses:

There are at least fifty ways to use corn meal to make good dishes for dinner, supper, lunch or breakfast. Here are some suggestions:

Hoecake.

High-School Students at Benavides Organize With Big Membership.

Special Telegram to S. A. Express. BENAVIDES, Tex., Jan. 23.—After a spirited lecture on the value of agricultural education before the Benavides High School and a few visitors Monday afternoon, Fletcher Davis, field agent of the State Department of Agriculture, organized a Junior Farmers' Institute with 200 members. Officers were elected as follows: Gilbert Brooks, president; Jesus Codena, vice president; Estrella Barton, secretary; Amando Garcia, pathologist; Fernando Caballero, entomologist.

Benavides has one of the most modern school buildings to be found in Texas, and under the superintendency of Stanley Wright, assisted by an able corps of teachers, the school is doing work especially in an agricultural way superior to many schools that are receiving State aid for that purpose. Benavides is justly proud of its school.

ENGLAND SAVES \$650,000,000 A YEAR.

The working people of Great Britain are doing their utmost to help win the war by denying themselves every luxury and loaning the money saved to their Government. The English plan of War Savings Stamps is very much like ours. In the past eighteen months the English people have not only bought \$650,000,000 worth of stamps, but the new spirit of thrift has caused savings bank deposits to increase over 100%. There are great signs up all over England, reading, "It is not good form to dress extravagantly," and a woman or man who appears on the street whose dress indicates extravagance, is not only subject to criticism, but in many cases have been attacked and beaten.

WAR SAVINGS SCHEMES.

In Amarillo, each boy who pledges himself to buy Thrift Stamps, receives a poster to hang up in his window, reading, "Thrift boy here, I am working for Uncle Sam."—then he gets a card signed by Mr. Mayer, Chairman of the Potter County Division which shows he is a member of the army of boys in Amarillo who are ready and anxious to work; who need everything they can get to do and who have promised to save that money for Uncle Sam.

Abe Sobel, a twelve-year-old newsboy at Beaumont, Tex., won the \$5.00 prize offered by County Chairman Jas. F. Weed, in the Thrift Contest there last week. In five days he earned \$3.79. The only requirement stipulated in Mr. Weed's prize who won must earn the money and submit a statement showing how he earned it. Abe was the first boy to turn in his results, and as a consequence, he now owns two Government securities that in 1923 will be worth \$10.00.

Hard work is the father of most geniuses.

It is better to remain idle than to be busy making trouble. Appearances may be deceitful, but they're not half so tricky as some men's words.
